# Filtered Water Dispenser ezH2O Liv<sup>®</sup> Pro

## Provide Exceptional Service With Fresh Drinking Water

Enhance your guests' experience with convenient access to refreshing, filtered drinking water. Our ezH2O Liv<sup>®</sup> Pro built-in water dispenser is a sustainable way to hydrate guests and minimize plastic waste. Plus, its low-profile design and hands-free technology make it a luxurious addition to lobbies, hallways and guest rooms.

# Filtered, Sustainable and Stylish

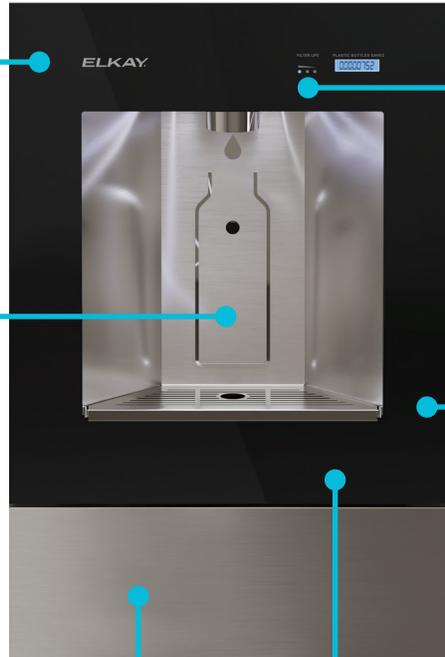

## HEALTHIER WATER

Filter is tested and certified to NSF standards to reduce lead and other harmful contaminants.

## CLEAN AND HANDS-FREE

Sensor-activated filling with automatic shut off helps prevent spills and minimize touchpoints.

## SUSTAINABLE

Backlit LED Green Ticker™ displays number of single-use plastic bottles served without the plastic waste.

## SEAMLESS AND STYLISH

Conveniently installs into the wall. Sleek glass and brushed stainless steel provide an elevated look.

## EASY IN-WALL INSTALLATION

Fits within 16" OC 2" X 4" studs near water and electrical. Includes drip tray with optional drain connection.

## CRISP AND REFRESHING

Can be installed with a chiller; various options available, based on application; sold separately.

## Models Available

Both dispensers come with one 3,000-gallon filter (51300C) and deliver ambient water. Filter box and remote filter cable are also included and optional for install.
