ezH2O[®] Liv[™]

Built-in Filtered Water Dispenser

Convenience Beyond the Kitchen

ezH2O Liv

Keep your day moving with a hands-free water source that delivers fresh, filtered water for all the living that happens in your home.

Elkay's ezH2O® Liv™ is the first built-in filtered water dispenser engineered for the home! Designed to seamlessly fit any space, it's a sleek, convenient addition to any room, from your entertaining space to the master suite, and even the kitchen.

It goes beyond water delivery, giving you peace of mind with an NSF-certified filter that reduces lead and other harmful contaminants from the water you use throughout your day.

Seamless, space-saving design in the kitchen

Optional Chiller

Available with or without
a chiller to meet your
needs and preference.

Safety Lock

Optional setting
prevents unsupervised
use. Perfect for
families with small
children or pets.

Quick convenience where you work out

Filtered Water

Our NSF-certified filter reduces lead and other harmful contaminants.

Filter status lights let you know when quick and easy filter changes are needed, giving you the added assurance of dispensing healthier, great-tasting water.

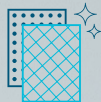

Bottles Saved

Elkay's exclusive Green Ticker™ counts the number of disposable, single-use plastic bottles served without the plastic waste.

Enhance your favorite retreat

Chic Styling

Attractive glass and brushed stainless steel design goes with every home décor. Interactive alcove lighting brightens when dispensing water.

Sensor Activated

Hands-free filling; just place container on drip tray to fill. Automatic timed shut off helps prevent accidental spills and messes.

Ideal for new construction or remodels

Easy Installation

Fits within the width and depth of two standard wall studs near water and electrical. Includes a drip tray with optional drain connection; can connect into existing water line.

Built-in Design

Stylish design looks great in any room of your home, delivering water for hydration, household tasks or kid-friendly art projects.

Trusted, Award-winning Drinking Solutions

Elkay® drinking fountains and coolers have been a staple in commercial spaces for more than 50 years. Our award-winning ezH2O bottle filling stations have become the standard for sustainable, healthy hydration in places such as schools and airports.

You can bring that same technology and convenience to your home with the smartly-designed ezH2O Liv, the first built-in filtered home water dispenser.

With ezH2O Liv You ...

Contribute to a cleaner world by eliminating the need to buy single-use plastic water bottles that can end up in our waterways.

Save time, money and storage space when you say goodbye to trips to the store for expensive cases of bottled water.

Rest easy serving filtered water to family and friends.
