

ELKAY
Crosstown

Modern Design with Universal Appeal.

Above: Elkay supply chain management team.

NEW! Apron front sink: ECTRUFA32179 Sink and LKAV3041NK Faucet.

CROSTOWN™

The ultimate mix of beauty, function and modern design. Straight sidewalls, a flat bottom and tight corners provide more space inside the sink and make it easier to clean. The striking geometric aesthetic has universal appeal and makes an impact in any kitchen or bar area.

Features vary by model and can include:

- 16- and 18-gauge stainless steel, polished satin finish.
- Select from undermount, top mount, dual mount and apron front models.
- Available in 15mm (5/8") or zero radius (90°) corners. Tight corners mean items sit flat in the bottom of the sink, and glassware is less likely to tip over and break.
- Bowl depths up to 10".
- Sound-deadening materials minimize sound and vibration.
- Select undermount models available with Water Deck™.
- Ultrathin Slim Rim™ design on dual mount models virtually eliminates the barrier between the sink and counter for a clean look. Dual mount sinks can be installed as a top mount or an undermount.
- Select models available as value kits with a drain and bottom grid(s) included; DBG suffix.
- Limited lifetime warranty.

NEW! Undermount sink with Water Deck: ECTRUD31199R and LKAV1031NK Faucet.

PRACTICAL INGENUITY IN ACTION

Aqua Divide™

Elkay sinks featuring Aqua Divide™ offer flexibility at the sink. They have a low center wall that allows pan handles to extend over the center. Use it as two separate bowls or fill the sink high with water to wash larger items, like baking sheets, across both bowls.

Water Deck™

Available on select Crosstown undermount models, sinks featuring Water Deck incorporate a lowered faucet deck into the sink area. The deck directs water into the sink rather than collecting on the countertop.

15mm Corners

Fresh, geometric design offers straight sidewalls and a flat bottom for a modern look and more usable space inside the sink. Tight, 15mm corners are easy to clean.

Zero Radius Corners

Perfectly squared 90° corners give the sink a more modern look with a flat bottom and straight sidewalls for more usable space inside.

16-GAUGE UNDERMOUNTS

Create a seamless look between the sink and countertop.
