

ELKAY® FACT SHEET

Quartz Classic® and Luxe® Portfolio Expansion

Elkay has the largest quartz offering in the market – and it's rapidly growing. This year, we are introducing FOUR new sinks across our Quartz Classic and Luxe lines.

Our Quartz Luxe expansion consists of three new sinks; one a rich, terra cotta that recalls the style of retro kitchens. We call it Sunbaked, exuding an earthy warmth, ideal for tying nature into your décor.

The other Luxe additions are part of our new sustainable line. Obsidian and Arctic Fox, stunning shades of black and white, respectively, have a new formulation that make them environmentally friendly. Plus, they feature a unique, silky-satin finish.

For Classic, you'll find an additional shade of black with a trendy finish – Matte Black – a versatile color that excels at tying different styles together.

The Elkay Difference

Sustainably Made: Obsidian and Arctic Fox consist of 99% natural, renewable or recycled material.

Rich Color, Heat Safe, Easy Clean: Match sink to your décor; vibrant color won't fade; heat safe to 535°F; wash with damp cloth and soapy water.

Hygiene Protection: Rounded, microfine quartz particles allow for an ultrasmooth, nonporous surface that resists dirt, food and stains.

Farmhouse Design Available: Material extends to the front panel of the sink, adding a stylish design element to your kitchen. Compatible with standard cabinet.

Perfect Drain®: Edgeless drain eliminates the gap around the drain for a cleaner, more hygienic sink; food and gunk go right down the drain.

Superior Strength: Made of natural quartz sand, the hardest component of granite, these durable sinks are impact resistant to your toughest tasks.

The Details

- **List Price:** \$419 to \$2,186
- **Availability:** Mid 2022
