Subject: Buy American Act Compliance

The following is a list of Elkay stainless steel sink product families that are proudly built in the USA. As a result, all these product families, including all products that begin with the family designation, comply with the Buy American Act except where noted. The identified product families represent literally thousands of individual models that will cover virtually every application of various residential and commercial projects.

Elkay Stainless Steel Sink Product Families

BCR, BLR, BLGR, BPSR, CDK, CMR, CR, CUP, DCR, DLR, DRK, EAQ (not 3118), EFS, ELUH, ELV, ESE, ESLV, ESS, EU, EUH, EWMA, EWS (not EWSF), FH, GEGR, ILGR, ILR, LCR, LFGR, LGR, LKHSR, LLVR, LR, LSR, LTR, PLA, PODUH, PSDK, PSLVR, PSMR, PSR, RLR, RLLVR, RNSF, SS, STCR, WCL, and WNSF.

D and S series sinktops

All Dayton models

All Kingsford models

Sink accessories may not comply on their own and could affect compliance with the Buy American Act for sink kits that include them. Contact Elkay to confirm that a specific product complies with the Buy American Act. This information is subject to change.

Should you have specific questions regarding compliance, please free feel to contact me directly at John.Watson@Elkay.com.

Respectfully,

A handwritten signature in blue ink that reads "John". The signature is written in a cursive, flowing style.
