

How to Order Residential Custom

Customized just for you! Find out how easy it is to order Elkay® Custom.

Choose your steel type:

TYPE 304

Withstands corrosion and is easy to sanitize, ideal for indoor use.

TYPE 316

All the benefits of Type 304 with the addition of molybdenum for increased corrosion resistance. Perfect for outdoor application.

Choose your gauge:

14 gauge

The strongest and thickest gauge we offer, ready to stand up to anything.

16 gauge

Strong and supportive, 16 gauge offers decreased denting and vibration benefits.

14G

16G

18G

20G

Choose your installation style:

DROP-IN

Designed for drop-in installation, an exposed rim makes the sink the focal point of your space.

UNDERMOUNT

Sink is installed beneath the countertop for a seamless appearance.

SINK TOP

Countertop can accommodate drop-in installation or can be constructed with an integrated sink with no material transition.

Make it yours:
