Touchless Handwashing Station

EHS25SSNT
Patent Pending

Bring Handwashing Where It Matters

Provide convenient access to quick handwashing with a completely hands-free station that easily adapts to public environments. With a touchless faucet and soap and towel dispensers, this mobile unit helps you contribute to a healthier community.

100% Hands Free

Completely touchless. Easy activation of touchless components for a hygienic experience.

Hot Water on Demand

Unit includes an electric water heater and pump. An adjustable thermostatic mixing valve is installed.

Durable and Easy to Clean

Constructed of 300 series stainless steel for durability and easy cleaning, making it ideal for busy areas and leaving you with a cleaner space.

Mobile With Locking Casters

Portable unit has two locking casters to keep the unit in place and features recessed pull handles to easily reposition or relocate, as needed.

Sensor Activated

Activate battery-operated sensors in the faucet, soap and paper towel dispensers by swiping hand in front of sensors. Stop dispensing by removing hand from sensor area.

Removable Water Tanks

Includes two water tanks; a 5 gallon tank for fresh water and a 6 gallon tank for wastewater.

Easy Setup

Uses 120V power with no plumbing required. This unit is simple to set up and easy to operate.

NSF Certified

This product is certified to NSF 169 for food equipment.

Ideal for public spaces, including:

- Job sites
- Stadiums
- Grocery stores
- Golf course club houses
- School cafeterias
- Park field houses
- Lobbies
- Train stations
- Waiting rooms

Station is for indoor use only.

Contact your local Elkay® Sales Representative today to discuss how your business can benefit from our touchless handwashing station.
