stainless steel

Take stainless to the next level with a design that fits seamlessly with your décor.

Aqua Divide™

A low center wall gives you two sinks in one. Use the bowls separately or fill the sink high with water to create one large bowl.

Water Deck™

The lowered faucet deck incorporated into select Crosstown® sinks helps keep your countertop dry.

Revel in more space in the sink — and the cabinet below — with a sink with straight sidewalls and tight corners.

*Good
Morning
Sunshine.*

Select from an array of bowl configurations based on how you use your sink.

Our signature Lustertone® finish is handcrafted with a fine linear grain that adds to the beauty of the sink.

An offset bowl can help maximize counter space.

Elkay sinks with Perfect Drain® offer sleek, beautiful design and a more hygienic sink with no gaps to collect food.

Prep sinks are handy for cooking. When entertaining, they steer traffic away from the main cooking work zone.

*Celebrate
the
Everyday.*

Give yourself plenty of room to work with a large single bowl.

A top mount sink offers drop-in installation and a decorative rim to make it a focal point of the kitchen.

quartz

Indulge in color without compromising on strength.

Pick a color. Quartz offers a variety of rich hues to complement or contrast with your décor.

Multitasking is easy with a double bowl that lets you wash dishes on one side, while soaking dishes on the other.
