

Circuit Chef™ Sink

Imagine a kitchen sink that acts as your sous-chef. From prepping and cooking to serving and entertaining, and even clean up, Elkay's Circuit Chef™ stainless steel sink infuses all of your kitchen tasks into one flawless system. This multiuse sink gives you flexibility to do it all at one convenient work zone.

EVERYTHING AND THE KITCHEN SINK

The two-tier design is intelligently engineered to house a variety of essential custom accessories that make transitioning from washing, cutting, sorting and straining effortless. Simply move tools along the tiers and switch them out as you need them.

In your choice of three sizes, Circuit Chef satisfies all of your kitchen needs with these custom accessories:

- Includes cutting boards and grids that rest on either of two interior tiers, keeping everything within reach
- Cutting boards, in your choice of polymer (black or white) or cherry; walnut sold separately
- Use cutting boards to completely cover the sink, to hide messes, and extend usable counter space for serving or entertaining
- Use dishwasher-safe grids as drying racks or bottom grids
- Stainless steel low-profile, small and large colanders service a variety of tasks, such as rinsing vegetables or drying flatware
- Uses a custom cabinet
