LUSTERTONE ICONIX™

ELUHH3118TPDBG

STRONG, STYLISH, STAINLESS

Lustertone Iconix® sinks are available as part of Elkay's Reserve Selection, a handpicked assortment of sinks sold exclusively through Elkay traditional wholesale distribution partners and their showrooms.

Crafted from premium 16- and 18-gauge thickness, Type 304 stainless steel for immense durability, performance and beauty.

The attractive linear grain offers lasting resilience against everyday scratches that blend into the finish. Scratches can also be removed with help from our restoration kit.

INTELLIGENTLY ENGINEERED

Engineered with slightly rounded corners for more workspace, the sophisticated shape of Lustertone Iconix maximizes bowl space and makes cleanup quick and easy. Items sit flat in the bottom of the sink and glassware is less likely to tip over and break.

PERFECT *IN EVERY WAY*

Featuring Perfect Drain® on our 16-gauge models for a more hygienic and modern-looking sink. The edgeless design of Perfect Drain means crumbs and other waste have nowhere to go but down the drain. Lustertone Iconix 16-gauge sinks ship complete with LKPD1 Perfect Drain and strainer. Lustertone Iconix 18-gauge sink kits ship with LKDD standard drain and bottom grid; individual Lustertone Iconix 18-gauge sinks do not ship with accessories.

Both drain options are approved for compatible disposers manufactured by InSinkErator®, utilizing the Quick Lock® mounting configuration.

DOUBLE DELIGHT

No matter how you slice it, a double bowl sink has its advantages. Elkay's Lustertone Iconix sink is offered in double bowl configurations of equal size and different sizes. Use equal-size double bowls independently for washing, soaking, rinsing, drying and other household tasks. Double bowls of different sizes with a large and small side bowl on either the left or right offer versatility to fit your lifestyle, such as storing dishes on a drying rack on the large side and using the smaller bowl for rinsing and handwashing.
