Farmhouse Design

The 10" tall apron provides a traditional farmhouse look that makes an impression in the kitchen. Farmhouse apron front sink base kitchen cabinet required; no custom cabinetry.

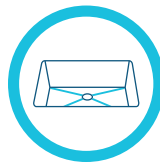

Fresh Look, Easy to Clean

The geometric design with straight sidewalls and a flat bottom offers more space inside, and means glassware is less likely to tip over. The 15 mm slightly rounded corners on the sink bottom and sides are easy to clean.

Go Deep For Less Mess

High-capacity, deep bowls offer more room for stacking dishes, filling stockpots, and handling large baking sheets and roasters.

Cross Breaks

Creased accent lines inside the bowl provide a professional appearance.
