

ezH2O® Retrofit **Bottle Filling Station Kit**

Provide cleaner, hygienic hydration in your facility with an Elkay® hands-free retrofit bottle filling station. The retrofit easily installs on existing Elkay EZ coolers and fountains and is available in filtered and non-filtered models.

Hands Free

Sensor activation and bottle rest platform provide users with a touchless bottle filling experience.

Antimicrobial Protection

Inhibits the growth of mold and mildew.

Filter Status Lights

Colorful lights indicate when filter needs changing so you always know you're getting filtered water.

Real Drain

Basin includes a real drain system to help with drainage and eliminate standing water.

Quick Fill

Fill rate is 1.0 GPM; fills bottles faster than a standard drinking fountain.

Laminar Flow

Laminar flow produces a clean fill with minimal splash.
