

Cleaner, **Healthier** Water
for Schools

YOU
CAN'T SEE
SMELL
TASTE
LEAD

Even if it looks clean and pure, that doesn't mean it's safe to drink. With Elkay®, you help ensure that your child has access to fresh, filtered drinking water at school. Our ezH2O® bottle filling stations with filters are certified to reduce lead and other harmful contaminants to help keep kids healthy and hydrated throughout the day.

ONE SOURCE. ONE SOLUTION.

Elkay products feature WaterSentry® VII or Plus filtration systems utilizing NSF/ANSI 53 certified filters to reduce lead. View the certification listings for our products online at [NSF.org](https://www.nsf.org).

Filtered Bottle Filling Stations

Our bottle filling stations provide convenient hydration with a rapid fill of filtered water to quench thirst and minimize plastic bottle waste in the environment. Find filtered bottle filling stations at elkay.com/ezh2o.

Filtered Coolers and Fountains

Our water coolers and fountains offer waterway systems utilizing lead-free material. Find filtered coolers and fountains at elkay.com/drinking-solutions/water-coolers.

Vandal-resistant Retrofit Kits

Our vandal-resistant water filtration kits are great for use on existing non-filtered water coolers, fountains and bottle fillers and include:

- Vandal-resistant Box
- WaterSentry® VII Filter
- Filter Monitor and Alert
- Versatile Mounting Options

EF1500VRBMC

Filtration Solutions

WaterSentry kits and filters are great for use on existing units. They can be installed on:

- Bottle Filling Stations
- Classroom Bubblers
- Coolers and Fountains
- Glass Fillers
- Classroom Sinks
- Faucets (under the counter; cold water only)
