

ELKAY® FACT SHEET

Lustertone Iconix™ Stainless Steel Sinks

The Lustertone Iconix™ stainless steel sink collection is expanding to offer more sizes and variety. Lustertone Iconix brings the winning combination of a sophisticated look and a forgiving finish to the home and beyond in 16- and 18-gauge options. The tight corners and flat bottom of this design allow for more space inside the sink. They feature Sound Guard® sound-deadening pads to minimize sound and vibration for a quieter time at the sink.

Akin to a high-end appliance-grade finish, the linear grain of Lustertone Iconix offers lasting durability against light scratches and the added benefit of reparability. For deeper scratches and to keep Lustertone Iconix sparkling for years to come, revitalize this beautiful and brawny sink with the Elkay® stainless steel restoration kit. On select models, the edgeless Perfect Drain® eliminates the gap around the drain for a cleaner, more hygienic sink.

The Elkay Difference

Sleek Modern Design: The clean lines of this modern sink add a touch of sophistication to the kitchen.

Forgiving Finish: Beautiful finish offers scratch forgiveness, standing up to everyday use. Deep scratches are repairable with an Elkay stainless restoration kit.

Perfect Drain (select models): The edgeless design of Perfect Drain makes for a more hygienic and modern-looking sink; all drain parts included.

Offset Drain: Drain placement provides more usable space on the bottom of the sink and in the cabinet below.

Built in the USA: This Elkay product is proudly built in the USA.
