

ELKAY® FACT SHEET

Dart Canyon™ ADA Dual-depth Stainless Steel Farmhouse Sink

The first of its kind, the Dart Canyon stainless steel farmhouse sink reflects Elkay's passion for innovation, by providing better everyday solutions to the Americans with Disabilities Act community and beyond. Designed to comply with ADA Accessibility Guidelines and ADA compliant when properly installed, a raised work shelf at the front of the sink acts as a convenient storage solution for kitchen tools and allows for tasks to be completed while seated.

Crafted of the highest quality 16-gauge stainless steel for lasting durability and performance, tight corners, combined with creased accent lines in the sink bowl, offer a fresh geometric design ideal for any décor. The extra-deep rear bowl offers more room inside for washing large pots and stacking dishes. Thoughtfully designed to meet the needs of all users, including those aiming to live in place, this dual-depth workstation sink with work shelf and accessories brings organization and accessibility to the kitchen.

The Elkay Difference

Work Shelf: Keep kitchen tools like sponges and brushes close at hand and out of sight on the generous, built-in 7" shelf; slide accessories along shelf to optimize your workspace and go from meal prep to clean up in seconds.

High-capacity Bowl: Raised work shelf at front of sink opens to extra-deep 9" bowl for room to stack dishes, fill stockpots and fit baking sheets.

Included Accessories: Reversible grid functions as standard bottom grid, or, flip to elevate with work shelf; complete with drain and drain cover.

Optional Accessories: Multiuse, wood cutting board and wood-handled colanders are custom-sized to function with sink and help provide everyday solutions for everyone.

ADA Offset Drain: Rear drain placement puts plumbing at the back, creating barrier-free space under the sink for wheelchair accessibility.

About Elkay Manufacturing

For more than 100 years, Elkay® Manufacturing has been making innovative products and providing exceptional customer care. Family owned since 1920, Elkay began by making residential butler and pantry sinks. Today, the company has grown to include faucets, foodservice fixtures, water delivery products and architectural millwork in addition to world-class sinks. We are proud to be America's No. 1 selling kitchen sink company, as well as a leading manufacturer of award-winning water delivery products, including the ezH2O® bottle filling station.

Like your family, Elkay has values and traditions that endure. We take pride in offering reliable products that inspire change and leave the world a better place for generations to come. Headquartered in Downers Grove, Illinois, Elkay is American owned and operated providing thousands of jobs that support our families and communities.
