

To: Elkay Customers  
Date: March 19, 2021  
Subject: Buy American Act Compliance

The following is a list of Elkay water fountain, chiller, cooler, and bottle filling station product families that are proudly built in the USA. As a result, all these product families, including all products that begin with each family designation, comply with the Buy American Act. The identified product families represent literally hundreds of individual models that will cover virtually every application for various commercial projects.
