Reduce Water Consumption and Costs With Elkay Metering Faucets!

In our ongoing efforts to offer quality products with an emphasis on conservation, Elkay is pleased to introduce our new line of Lavatory Metering Faucets. Elkay metering faucets supply a specific amount of water once the valve handle is pushed down, reducing water usage and waste. Choose from 4 models in a variety of configurations, all designed to conserve water consumption and reduce costs.

Model	Description	Spout
LK651	8" Centerset, Concealed Deck Mount	5"
LK656	4" Centerset, Exposed Deck Mount	4" Integral
LK652	4" Centerset, Deck Mount with Cover Plate	4-1/8" Integral

Standard Features + Benefits

- Metering valve, cartridge and handle work together to dispense a fixed quantity of water
- Adjustable cycle time can be set from 2 -15 second intervals to conserve water usage
- 2.2 Gallon Per Minute (GPM) vandal-resistant aerator reduces water consumption
- Rated operating pressure: 20-125 psi
- "Push" metering handles are easy-to-operate
- Solid cast brass body
- Polished chrome-plated finish stands up well to heavy use
- 1/2" NPSM supply inlets with coupling nuts for 3/8" or 1/2" flexible riser
- Ideal for schools, sports facilities, hospitals, office buildings and other public venues
- Mounting hardware for standard installations included
- ASME A112.18.1 compliant
- ADA compliant
