

Make Your School a Healthier Place to Learn

Use your CARES Act funds today.

CARES Act funding can help K-12 schools maintain cleaner, healthier environments during and after the COVID-19 pandemic – and so can Elkay®. In fact, many Elkay products are eligible for CARES Act funding.

Hands-free water coolers and drinking fountains

Experience cleaner, healthier hydration with touchless sensor activation and our Flexi-Guard® bubbler, which features a flexible, antimicrobial mouth guard.

Hands-free faucets

With sensor-activated options, our commercial faucets help keep scrub and hand wash stations sanitary.

ezH2O® bottle filling stations

Many models feature hands-free sensor activation for a sanitary, touchless bottle-filling experience — healthier for you and the environment.

Antimicrobial copper sinks

They're tough on germs, killing more than 99.9% of bacteria* within 2 hours — and are ideal for hospitals and medical centers, as well as public spaces such as sports and fitness facilities where hygiene is top of mind.

Don't wait to give students and staff the solutions they need. Order from your local Elkay Sales Representative and learn more about the CARES Act at www2.ed.gov.

**Testing demonstrates effective antibacterial activity against MRSA, Staphylococcus aureus, Enterobacter aerogenes, Pseudomonas aeruginosa, and E. coli O157:H7.*
