

ELKAY®

ezH2O® Floor-standing Bottle Filling Station

DSSBF85

Convenient. Refreshing. Easy Upgrade.

A refreshing and hygienic upgrade to your existing Elkay® water cooler, this freestanding bottle filling station is convenient and can be installed in any indoor location where there is a water supply and drain. Minimize dependency on disposable plastic water bottles and enjoy chilled, filtered water.

elkay.com/ezh2o

HANDS-FREE ACTIVATION

No-touch sensor activation delivers a clean, quick water bottle fill. An automatic 20-second shut-off timer guards against unwanted spills and overfills.

QUICK AND EASY RETROFIT

Easily retrofits existing EFA and LFAE 115V style coolers. Say goodbye to the bubbler and hello to hygienic hydration.

FLEXIBLE INSTALLATION

This freestanding unit can be installed anywhere there is a water supply and drain. Its traditional floor mount design allows for freestanding or wall backed installation.

CLEANER, CHILLED WATER

Model is designed for our WaterSentry® filter, which is certified to NSF standards to reduce lead and other harmful contaminants.

SUSTAINABILITY THROUGH BOTTLES SAVED

Minimize dependency on disposable plastic water bottles. Our Green Ticker™ informs users of the number of 20 oz. plastic water bottles saved from waste.

SINGLE-CORD DESIGN

A convenient, single power cord design makes this freestanding bottle filling station a true plug-and-play solution.
